SKILLS

❖ TECHNICAL

`Python` `GUI` `HTML`
`JavaScript` `CSS`
`Data Structures` `C++`
`Problem Solving` `SQL`
`DBMS` `Ubuntu`

❖ INTER-PERSONAL

`Communication`
`Leadership`
`Adaptability`

LANGUAGES

English, Hindi
(Professional Working Proficiency)

PERSONAL PROJECTS

Music Player (10/2021 – 10/2021)
- Skills: - Python, GUI.
- Outcome: - It was a GUI based project. It has features to add song to the playlist, remove songs from playlist and all the basic buttons for play, pause, next and previous song. I have added volume slider as well to adjust the volume of the particular song.

Covid-Vaccine-Portal (06/2021 - 06/2021)
- Skills: - HTML,CSS, JavaScript.
- Outcome: - It was web based project which takes pincode and date from the user and display the nearest vaccination center.

Basic-Cum-Scientific Calculator (06/2021 - 06/2021)
- Skills: - HTML, CSS, JavaScript.
- Outcome: - It was web calculator. It has toggled button to swap between basic and scientific mode.

Student Management System (12/2020 - 12/2020)
- Skills: - C++.
- Outcome: - It was a C++ based Project. It manages all the details of the students. We can also modify, add or delete the records.
